WALL AND RITER

Chairman and Engineer Disagree on Four Austrians on Trial for Intent Asphalt Specifications.

COLONEL WRITES TO MAYOR VENDETTA OF MINING CAMP

DOES NOT ENDORSE RESULT OF ONE MAN KILLED AND DEPUTY RITER'S READING.

Colonel E. A. Wall, chairman of the board of public works, has addressed communication to Mayor Richard P. Morris, in which he objects to the reuirements of City Engineer George W. Riter as to the asphalt to be employed in the preparation of the asphaltic cement for use in paving Brig-

Mr. Riter had just finished the pursual of a work on asphalt paving by an sual of a work on asphalt paving by an eminent New York authority when called upon to prepare the specificatious for the proposed extension of the Brigham street paving. From this work he learned that some of the paving companies have a habit of substituting coal tar, asphaltic refuse and other materials for the real bitumen, technically known as asphalt, and he detercally known as asphalt, and he determined to get the very best material obtainable with which to complete Brigham street. With that object in view, he says, he caused to be inserted in the specifications the the specifications the requirements of the beautiful to be inserted to by Colonel Wall. Colonel Wall's letter follows:

Believes Delay Necessary.

requirements injected into the specifica-tions by the city engineer, it will be nec-essary. I think, for the board of public works to delay advertising for bids upon the work until the council shall have acted upon the proposed departure from established forms.

The proposed change will be found in paragraph two (2) of section eight (8) of the specifications as prepared by the city engineer, and is in the words fol-lowing:

respect uniform, of a character recognized as being suitable for the production of a satisfactory asphaltic cement, and all respects satisfactory to the city supplier.

Wall Is For Open Door.

These requirements would exclude all material of the kind heretofore used in similar work in this city, as well as that in general use throughout the United States, including the Warren Brothers company, which has signified a desire to bid upon the work. It is entirely possible, however, that it may have special reference to the product of some particular deposit of natural asphalt known or believed by the city engineer to be superior to all others, but even so, it would seem necessary under our practice, as well as in the interest of honest competition, that the door be opened to bids from any and all contractors offering to supply material of standard quality and grade in general use in the paving industry.

I had hoped that the juggling with grades, which has already involved the people in useless expenditure of some \$10.000 upon that portion of the street already completed, would not be supplemented in the three blocks now under consideration, but perhaps I was mistaken, although if obstruction be the motive, the obstruction has taken a different form. Very respectfully,

BINGHAM TROUBLE ARE UNCEMENTED IS NOW IN COURT

to Murder.

WOUNDED IN FIGHT.

"Little Austria's" vendetta drew crowd to the criminal division of the trians are on trial for assault with intent to murder-and the trial is the re sult of the pitched battle in which Deputy Sheriff Lafayette Chidester of Bingham was seriously wounded, one Austrian killed and two others shot down. Frank Devic, ringleader of the crowd, whose attempt to murder John Bogdan began the battle, is at large. He jumped a \$1,000 bond several weeks

ago.

The jury has been secured and evidence will begin to go in today. The witnesses will tell over a story which has been printed in The Herald. Its details are strange.

Fight in "Little Austria."

The four defendants, Antonio Tonerby Antonio Starcevic, who was killed n the battle. This faction had warred o be members of this faction gathered about Bogdan's home, where the defile containing "Little Austria" narrows until it is just a deep wash in the mountaing. They shot into the house many times, narrowly missing Bog-dan's wife and children, who lay sleep-ing in the front room. Then they re-

approached the house one light burn On a bed sat Devic trying to

Two Men Shot.

Deputy and Austrian approached one another and Devic "threw down" his gun when they were close together. Chidester grasped the weapon and forced it down just as it was dis-charged. The bullet shattered his hip bone and penetrated his lower leg. The limb was amputated and Chidester is still in a serious condition though the affray took place March 24 last.

While Chidester lay prostrate the Austrians, who had followed him, at-tacked Antonio Starcevic, who had followed Devic, and was trying to get at Chidester with a knife. They killed Starcevic. Devic was captured afterward, as were the four men now on trial. They have all been identified as with Davic and Starcevic and took part in the battle.

When the defendants get through

with this they will have another case of the same sort to face. They are accused of having tried to kill John Bogdan and his cousin, Joseph Muclich, in June. The attempt is said to have been a part of the same Austrian vendetta, and officers in Bingham say that Bog-dan is marked for death by members of the crowd to which these defendants
